DETAILED ACTION

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of claims 1-13 is the inclusion of a laser unit that is adapted to shifted by shift adjusting means in a predetermined direction with respect to an optical axis of the incident optical system so as to make an illuminance distribution of scanning lines on the scanned surface become substantially symmetrical about a scanning central axis. This is found in all of claims 1-13, but not disclosed nor suggested by the prior art of record.

The primary reason for allowance of claims 14-16 is the inclusion of a method of shifting a laser unit in a predetermined direction with respect to the optical axis of the incident optical system so as to make an illuminance distribution of scanning lines on the scanned surface become substantially symmetrical about a scanning central axis. This is found in all of claims 14-16, but not disclosed nor suggested by the prior art of record.

The primary reason for allowance of claims 18-20, 22-30, 44 and 45 is the inclusion of a laser unit that is adapted to be moved in the main scanning direction without changing a direction of an optical axis of the incident optical system so as to make an illuminance distribution of scanning lines on the scanned surface become substantially symmetrical about a scanning central axis. This is found in all of claims 18-20, 22-30, 44, and 45, but not disclosed nor suggested by the prior art of record.

The primary reason for allowance of claims 31-33 and 35-43 is the inclusion of a step of moving the laser unit in the main scanning direction without changing a direction of an optical axis of the incident optical system so as to make an illuminance distribution of scanning lines on the scanned surface become substantially symmetrical about a scanning central axis. This is found in all of claims 31-33 and 35-43, but not disclosed nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
